## CCDC

Career Coach DC (CCDC) is a WIC-led mayoral initiative that provides career coaching services which empower DC residents to achieve employment and education success.

## COMMUNITY OF PRACTICE

The CCDC CoP offers a calendar of workforce-related events and a robust library of resources for workforce development practitioners. We provide support with three main components:

- Career Coach Connection
- The Connection E-Newsletter
- Career Coach Boot Camp

We want to engage and learn from others who are currently offering job-coaching and workforce-development services.

## THE CONNECTION

*The Connection* is the CCDC monthly e-newsletter that connects professionals and anyone looking to stay informed of all things happening with CCDC. *The Connection* gives subscribers direct access to workforce development hot topics, information and workforce events. If you or your agency provides services that support individuals to identify career-readiness and/or career-placement services, we invite you to join our network.

## DID YOU KNOW?

Black History Month was created to focus attention on the contributions of African Americans to the United States. It honors all Black people from all periods of U.S. history, from the enslaved people first brought over from Africa in the early 17th century to African Americans living in the United States today. In 1976, President Gerald Ford extended the recognition to “honor the too-often neglected accomplishments of Black Americans in every area of endeavor throughout our history.” Black History Month has been celebrated in the United States every February since.
